

Southeast and Mid-Atlantic Branch

Serving: VA, NC, SC, MD, DC, WV, DE

Featured Vendors

Product Offerings

Pneumatics

MAC Valves- valves, pneumatic controls
PHD, Inc.- cylinders, actuators, slides, grippers and clamps
Bimba- cylinders, actuators, slides, air preparation, grippers and clamps, fittings and clamps
Camozzi- pneumatic controls, cylinders, actuators, slides, air preparation, fittings and tubing
Lehigh- cylinders, actuators, slides
Tolomatic- cylinders, actuators, slides
TRD Manufacturing- cylinders, actuators, slides
Wilkerson- air preparation, fittings and tubing

Pneumatic Accessories

Ace Controls- pneumatic accessories
Piab- pneumatic controls, grippers and clamps, fittings and tubing
Allenair Corporation- pneumatic controls, cylinders, actuators, slides
Colder Products Company- fittings and tubing
ESP (Engineered Speciality Products)- pneumatic accessories
Freelin Wade- fittings and tubing
Legris- fittings and tubing
Monnier- air preparation
Pneumadyne- fittings and tubing
Pressure Connections- fittings and tubing
Spartan Scientific- valves, pneumatic controls
Springville Manufacturing- cylinders, actuators, slides
Suburban Manufacturing- air preparation
UCI- valves, pneumatic controls
Watts-Parker- air preparation, fittings and tubing

Machine Control

Advantech- PLC, IO input and output, electrical cabinet components, HMI
Antaira- electrical cabinet components
Turck- PLC, IO input and output, electrical cabinet components, HMI
Wago- PLC, IO input and output, electrical cabinet components, HMI
Canfield Connector- electrical cabinet components
IDEC- PLC, IO input and output, electrical cabinet components, HMI
Omron- PLC, IO input and output, electrical cabinet components, HMI
Panasonic- PLC, IO input and output, HMI
PULS- electrical cabinet components

Motion Control

Antaira- motion accessories
Bimba- actuators and slides
PHD, Inc.- actuators and slides
Wago- motion accessories
Applied Motion Products- motion controllers, motors, drives, actuators and slides, gear reducers
Harmonic Drive- gear reducers
Kollmorgen- motors, drives, actuators and slides
Omron- motion controllers, motors, drives
Onvio- gear reducers
PULS- motion accessories
Thomson Linear- actuators and slides, gear reducers
Tolomatic- actuators and slides
WEG- motors, drives
Yamaha- motion controllers, motors, drives, actuators and slides, gear reducers

Southeast and Mid-Atlantic Branch

Serving: VA, NC, SC, MD, DC, WV, DE

Robotics

ABB- scara. delta. collaborative, six axis, autonomous mobile robots
MiR- autonomous mobile robots
PHD, Inc.- end of arm tooling
Piab- end of arm tooling
Comau- collaborative, six axis
Joulin- end of arm tooling, robotic accessories
Millibar Tool Changers- end of arm tooling, robotic accessories
Murrplastik- robotic accessories
Omron- collaborative, robotic accessories
ONROBOT- end of arm tooling, robotic accessories
Robotiq- robotic accessories
ROEQ- robotic accessories
Swivellink- robotic accessories
Yamaha- cartesian, scara

Mobile

MAC Valves- pneumatic controls and valves
Banner- mobile accessories
Turck- controllers, displays, wire harness, sensors and transducers
Cobo- controllers, displays, keypads, wire harness
Elobau- mobile accessories
HED- controllers, displays, keypads, radio remotes
Magnetek- controllers, keypads, radio remotes
Scanreco- controllers, keypads, radio remotes
Suburban Manufacturing- cable management

Sensors and Safety

Banner- sensors, safety, vision, barcode
Turck- sensors
Canfield Connector- sensors
Fortress- safety
Gems Sensors- sensors
Larco- safety
Omron- sensors, safety, vision, barcode
Panasonic- sensors, safety
Swivellink- safety

Hydraulics

PHD, Inc.- actuators
Lehigh- actuators
Nachi- hydraulic valves
TRD Manufacturing- actuators

Vacuum

Piab- venturi, vacuum accessories
Joulin- venturi
Millibar- vacuum accessories

Vision

Banner- camera and accessories
Zebra- camera and accessories
Matrox- camera and accessories
Omron- camera and accessories

Extrusions and Enclosures

80/20- aluminum extrusions
Saginaw Enclosures- enclosures

Networking and IoT

Antaira- industrial ethernet, ethernet media converters, industrial wireless, serial communication
Banner- industrial wireless, cloud services
Turck- industrial ethernet, serial communication
Urban IO- cloud services
Wago- cloud services
Secomea- industrial ethernet

Southeast and Mid-Atlantic Branch

Serving: VA, NC, SC, MD, DC, WV, DE

AUTOMATION**

Full Manufacturer List

- 80/20**
- ABB**
- Ace Controls**
- Advantech**
- Allenair Corporation
- Antaira**
- Applied Motion Products
- Banner**
- Bimba**
- Camozzi**
- Canfield Connector
- Cobo
- Colder Products Company
- Comau
- Elobau
- ESP
- Fortress
- Freelin Wade
- Gems Sensors
- Harmonic Drive
- HED
- IDEC
- Joulin
- Kollmorgen
- Larco
- Legris
- Lehigh
- MAC Valves**
- Magnetek
- Matrox
- Millibar Tool Changers
- MiR**
- Monnier
- Murrplastik

- Nachi
- Omron
- ONROBOT
- Onvio
- Panasonic
- PHD, Inc.**
- Piab**
- Pneumadyne
- Pressure Connections
- PULS
- Robotiq
- ROEQ
- Saginaw Enclosures (SCE)
- Scanreco
- Secomea
- Spartan Scientific
- Springville Manufacturing
- Suburban Manufacturing
- Swivellink
- Thomson Linear
- Tolomatic
- TRD Manufacturing
- Turck**
- UCI
- Urban IO**
- Wago**
- Watts-Parker
- WEG
- Wilkerson
- Yamaha
- Zebra**

Value-Add

The Value-Add Department can partially or completely assemble components from a bill of customer approved materials into sub-assemblies (kits). This allows customers to order one item, tested and ready to install with one purchase order.

Hartfiel Automation's Value-Add team provide much more than just assembly and light manufacturing support - they bring the experience to quickly and efficiently design, test, and deliver the best solution for your assets.

ATLAS Controls Engineering

Hartfiel Automation's ATLAS Controls Engineering Team focuses on partnering with customers to achieve success in their equipment design and manufacturing.

Starting with consultation in the selection and specification of components, through on-site training and start-up assistance—our team is committed to providing the engineering support required to create the hi-tech equipment of today's manufacturing marketplace.

Customer Profit Reinforcement (CPR®)

The Hartfiel Automation team uses their trademarked CPR process to uncover and document savings and profit opportunities. The program's purpose is to maximize customer profitability through an inspection of your components and processes, identifying savings opportunities, recommending streamlining - leading to real savings.

Companies both small and large have benefited from this program and have experienced increased profitability.
