# Who is Paquin?

## PAQUIN SENSORS

For All Industries & Applications

- Pressure
- Temperature
- Flow
- Level
- Optical Sensors
- Proximity
- Humidity
- Gas Detection
- Pumps
- Valves
- Oil & Water Detection
- Electrical Connectivity
- Diaphragm Seals
- Adaptors

## GLOBAL INTEX

For the Most Challenging Industrial Environments

- Ruggedized power connectivity
- Low & high voltage connectors
- Customized cable assemblies
- Molded junction boxes & solutions

## EXCEL MANUFACTURING

For Mining, Marine, Rail, & Off-Road Applications

- Explosion proof solenoid coils & actuators
- Heavy-duty valves & manifolds
- Ruggedized Sensors for flow, pressure & more
- Globally certified Ex-proof instrumentation & more

## PAQUIN ENGINEERED PRODUCTS

For Hydraulics, Pneumatics & Fluid Control

- Accumulators
- Cylinders
- Compressors
- Hoses
- Pumps
- Manifolds
- Gear Boxes
- Gauges
- Motors
- Valves
- Couplers
- Filters

## High-Volume OEM to Customized Heavy-Duty

### Flow

- Coriolis
- Electromagnetic
- Thermal Mass
- P+ Displacement
- Turbine
- Vortex
- Piston
- Paddle

### Optical

- Distance
- Positioning
- Color
- Spray Jet
- Counting
- Gloss
- Tracking
- Triggering

### Valves

- Electronic
- Gate
- Butterfly
- Balancing
- Ball
- Globe
- Differential
- Motorized

### Pressure

- Transmitters
- Switches
- Gauges
- Differential
- Visual Displays

### Temperature

- Transmitters
- Switches
- Gauges
- PT100's, PT1000's
- Thermocouples

### Level

- Transmitters
- Switches
- Gauges
- Non-Invasive
- Invasive

### Humidity

- Industrial
- Commercial
- HVAC
- Metrology
- Refrigeration

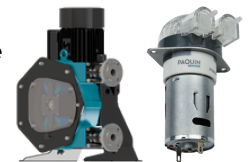

### Proximity

- Reed & Hall Effect
- Cylindrical
- Rectangular
- Metallic
- Plastic

### Pumps

- Peristaltic
- Clean-in-Place
- Food & Bev
- Waste-Water
- Chemical

### Gas Detection

- Electromechanical Gas
- Solid Polymer
- Standard & Customized

### Oil & Water Detection

- Gasoline Engines
- Diesel Engines
- Hydraulic Circuits

### Diaphragm Seals

- Low & High Pressures
- Media Separation
- Contamination Control

# GLOBAL INTEX

A Division of The Paquin Company™

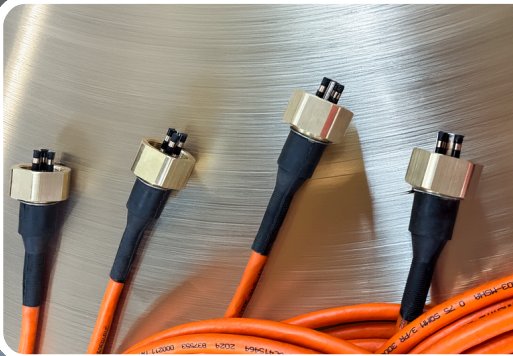

Visit us at [www.paquin.com/global](http://www.paquin.com/global)  
+1 (800)-260-5664

## Heavy Duty Explosion Proof Harnesses, Power Connectors & More

- Carrying country-specific Ex approvals
- Built with exotic materials for extreme durability
- Specialized rubber extrusion and customized overmolding
- Designed to over-achieve in the harshest conditions
- Proprietary builds for contract manufacturers and OEM's
- For deployment in the most demanding environments

## Power Connectivity Solutions with Unparalleled Durability & Reliability

### For Successful Deployment in Demanding Environments

- Mining
- Underground Mining
- Gas & Oil Onshore
- Gas & Oil Offshore
- Marine
- Marine Deep-Sea
- AG Equipment

Globally Recognized Explosion Proof Certifications:  
IECEX, FM, ATEX and more

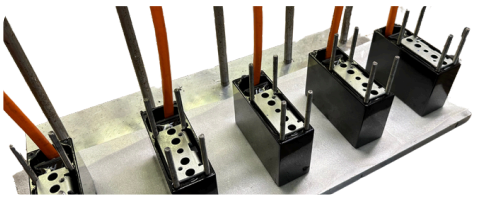

# EXCEL

MANUFACTURING

A Division of The Paquin Company™

Visit us at [www.paquin.com/excel](http://www.paquin.com/excel)  
+1 (800)-260-5664

## High Precision Solenoid Coils, Valves, Actuators & More

Excel Manufacturing is a one stop shop where process control concepts are brought to reality. Allow our experts to assist from the development of your unique visions to the delivery of fully packaged turn-key solutions.

- Ruggedized for fail-safe reliability in demanding applications
- For underground mining, gas & oil, subsea, off-road and more
- Heavy-duty at the highest quality exceeding industry standards
- Proprietarily designed and built for OEM's

**Globally Recognized Explosion Proof Certifications:**

**IECEX, Ex, ATEX, ATEX SIRA, MSHA, Ex MASC, CSAE, Ex mb, FM, NEC 500/505 and more**

## Our Foundation Remains: Master Distributor of Hydraulics, Pneumatics & Fluid Control Instrumentation

- Thousands of parts in stock and ready for same day delivery
- Deeply rooted with our principal manufacturing partners
- Engineering technical support, fast delivery and unmatched price-points
- Order hassle-free through our on-line portal as well as directly with a sales engineer
