Featured Vendors

Product Offerings

Pneumatics

MAC Valves- valves, pneumatic controls
PHD, Inc.- cylinders, actuators, slides, grippers and clamps, pneumatic accessories
Bimba- cylinders, actuators, slides, air preparation, grippers and clamps, fittings and tubing
Camozzi- pneumatic controls, cylinders, actuators, slides, air preparation, fittings and tubing
Wilkerson- air preparation, pneumatic accessories

Pneumatic Accessories

Ace Controls- pneumatic accessories
Firestone- cylinders, actuators, slides, grippers and clamps
Freelin-Wade- fittings and tubing, pneumatic accessories
Kepner- valves
Legris- fittings and tubing, pneumatic accessories
Nycoil- fittings and tubing, pneumatic accessories
Ortman Cylinders- cylinders, actuators, slides, pneumatic accessories
Pisco USA- fittings and tubing, pneumatic accessories
Pneumadyne- fittings and tubing, pneumatic accessories
Polycon- fittings and tubing, pneumatic accessories
Spartan Scientific- valves, pneumatic controls
Springville Manufacturing- cylinders, actuators, slides, pneumatic accessories
Suburban Manufacturing- air preparation, pneumatic accessories
TRD Manufacturing- cylinders, actuators, slides, pneumatic accessories
Universal Components- valves, pneumatic controls, pneumatic accessories

Machine Control

B&R Industrial Automation- PLC, IO input and output, electrical cabinet components, HMI
Wago- PLC, IO input and output, electrical cabinet components, HMI
Beijer- PLC, IO input and output, electrical cabinet components, HMI
IDEC- PLC, IO input and output, electrical cabinet components, HMI

Motion Control

B&R Automation- motion controllers, motors, drives, actuators and slides, motion accessories
Bimba- actuators and slides, motion accessories
PHD, Inc.- actuators and slides, accessories
Bauer Gears- gear reducers
CGI- gear reducers
Harmonic Drive- gear reducers
Kollmorgen- motors, drives, actuators and slides, motion accessories
Nabtesco- gear reducers
Nook Industries- actuators and slides, motion accessories
Novanta- motion controllers, motors, actuators and slides, motion accessories
THK- motion accessories
Thomson Linear- actuators and slides, gear reducers, accessories
Trio Motion Technology- motion controllers, motion accessories

South Region

Serving: IA, NE, KS, W. MO, OK, & TX

HARTFIEL
AUTOMATION

Robotics

ABB- scara, delta, collaborative, six axis, autonomous mobile robots
MiR- autonomous mobile robots
PHD, Inc.- end of arm tooling
Piab- end of arm tooling
ASTI- autonomous mobile robots
Codian- delta
Comau Robotics- collaborative, six axis
Robotiq- end of arm tooling, robotic accessories
ROEQ- robotic accessories
Swivellink- robotic accessories
Yamaha- cartesian, scara

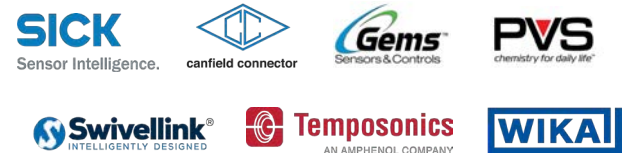

Mobile

MAC Valves- pneumatic controls and valves
B&R Automation- controllers, displays, keypads
SICK- sensors and transducers
COBO- controllers, displays, keypads, wire harness
Eaton- keypads, radio remotes
Elobau- sensors and transducers, mobile accessories
Gems Sensors- sensors and transducers
HED- controllers, displays, keypads, radio remotes
HMI Systems- keypads
Magnetek- controllers, keypads, radio remotes
Sanreco- controllers, keypads, radio remotes
Suburban Manufacturing- cable management

Sensors and Safety

SICK- sensors, safety, vision, barcode
Canfield Connectors- sensors
Gems Sensors- sensors
PVS Sensors- sensors
Swivellink- safety
Temposonics- sensors
Wika- sensors

Hydraulics

PHD, Inc.- actuators
Gems Sensors- switches and transducers
Milwaukee Cylinders- actuators
Moog Flo-Tork- actuators
Nachi Hydraulics- hydraulic valves
Tiefenbach Control Systems- hydraulic valves
TRD Manufacturing- actuators

Vacuum

Piab- venturi, vacuum accessories
Anver Corporation- venturi, vacuum accessories
Busch Vacuum- pumps, blowers
Pisco USA- venturi, vacuum accessories

Vision

SICK- cameras and accessories
DALSA- cameras and accessories

Extrusions and Enclosures

80/20- aluminum extrusions
Fibox- enclosures
Saginaw Control & Engineering- enclosures
Vynckier-Nvent- enclosures

Networking and IoT

Antaira- industrial ethernet, industrial wireless, serial communication
Urban IO- cloud services
Exosite- cloud services

South Region

Serving: IA, NE, KS, W. MO, OK, & TX

Full Manufacturer List

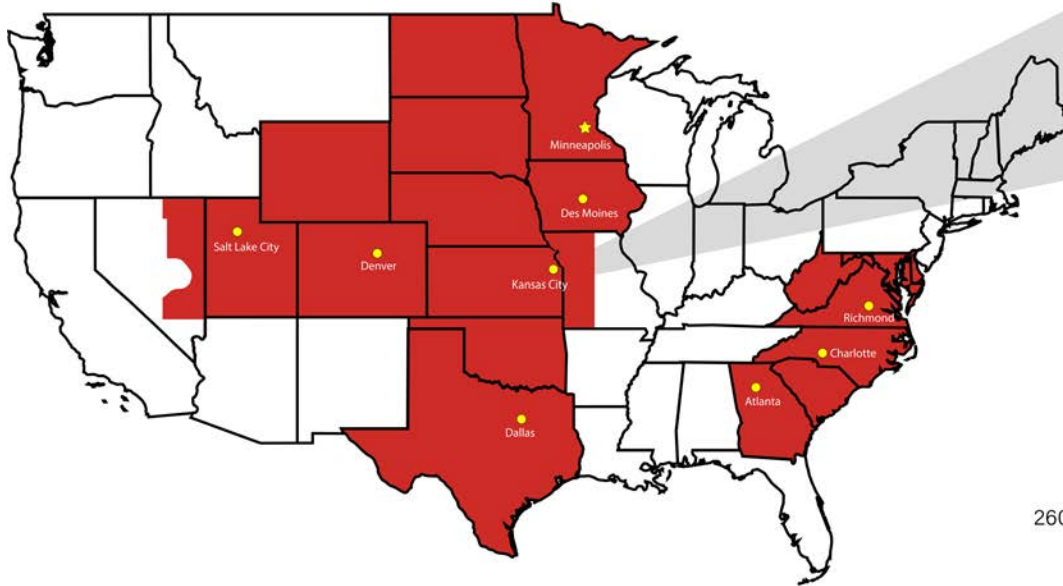

80/20
ABB
Ace Controls
Antaira
Anver Corporation
ASTI
B&R
Bauer Gears
Beijer
Bimba
Busch Vacuum
Camozzi
Canfield Connectors
CGI
COBO
Codian
Comau Robotics
DALSA
Eaton
Elobau
Exosite
Fibox
Firestone
Freelin-Wade
Gems Sensors
Harmonic Drive
HED Controls
HMI Systems
IDEC
Kepner
Kollmorgen
Legris
MAC Valves
Magnetek
Milwaukee Cylinders
MiR

Moog Flo-Tork
Nabtesco
Nachi Hydraulics
Nook Industries
Novanta
Nycoil
Ortman Cylinders
PHD, Inc.
Piab
Pisco USA
Pneumadyne
Polyconn
PVS Sensors
Robotiq
ROEQ
Saginaw Control
Scanreco
SICK
Spartan Scientific
Springville Manufacturing
Suburban Manufacturing
Swivellink
Temposonics
THK
Thomson Linear
Tiefenbach Control Systems
TRD Manufacturing
Trio Motion Technology
Universal Components, Inc.
Urban IO
Vynckier-Nvent
Wago
Wika
Wilkerson
Yamaha

Value-Add

The Value-Add Department can partially or completely assemble components from a bill of customer approved materials into sub-assemblies (kits). This allows customers to order one item, tested and ready to install with one purchase order.

Hartfiel Automation's Value-Add team provide much more than just assembly and light manufacturing support - they bring the experience to quickly and efficiently design, test, and deliver the best solution for your assets.

ATLAS Controls Engineering

Hartfiel Automation's ATLAS Controls Engineering Team focuses on partnering with customers to achieve success in their equipment design and manufacturing.

Starting with consultation in the selection and specification of components, through on-site training and start-up assistance—our team is committed to providing the engineering support required to create the hi-tech equipment of today's manufacturing marketplace.

Customer Profit Reinforcement (CPR®)

The Hartfiel Automation team uses their trademarked CPR process to uncover and document savings and profit opportunities. The program's purpose is to maximize customer profitability through an inspection of your components and processes, identifying savings opportunities, recommending streamlining - leading to real savings.

Companies both small and large have benefited from this program and have experienced increased profitability.
