

Featured Vendors

Product Offerings

Pneumatics

MAC Valves- valves, pneumatic controls
PHD, Inc.- cylinders, actuators, and slides, grippers and clamps
Camozzi- pneumatic controls, cylinders, actuators and slides, air preparation, fittings and tubing
Wilkerson- air preparation, fittings and tubing

Pneumatic Accessories

Allenair Corporation- pneumatic controls, cylinders, actuators and slides
American Cylinder Company- cylinders, actuators and slides, grippers and clamps
AW-Lake- pneumatic accessories
Canfield Connector- pneumatic accessories
Hanna Corporation- cylinders, actuators, and slides
Legris- fittings and tubing
Monnier- air preparation
Spartan Scientific- valves, pneumatic controls
Springville Manufacturing- cylinders, actuators, and slides
Starcyl- cylinders, actuators, and slides
Suburban Manufacturing, Inc.- air preparation
Tolomatic- cylinders, actuators, and slides

Machine Control

Advantech- PLC, IO Input and Output, electrical cabinet components, HMI
Wago- PLC, IO Input and Output, electrical cabinet components, HMI
Beijer- PLC, IO Input and Output, electrical cabinet components, HMI
IDEC- PLC, IO Input and Output, electrical cabinet components, HMI
Omron- PLC, IO Input and Output, electrical cabinet components, HMI
Saginaw- electrical cabinet components
WEG- electrical cabinet components

Motion Control

Antaira- motion accessories
PHD, Inc.- actuators and slides
Wago- motion accessories
Applied Motion- motion controllers, motors, drives, gear reducers
IDEC- motion accessories
Kollmorgen- motors, drives, actuators and slides
Omron- motion controllers, motors, drives
Tolomatic- actuators and slides
Yamaha- motion controllers, motors, drives, actuators and slides, gear reducers

Robotics

ABB- scara, delta, collaborative, six axis, autonomous mobile robots
MiR- autonomous mobile robots
PHD, Inc.- end of arm tooling
Omron- collaborative, robotic accessories
ROEQ- robotic accessories
Swivellink- robotic accessories
Yamaha Robotics- cartesian, scara

Mobile
MAC Valves- pneumatic controls and valves
SICK- sensors and transducers
AW-Lake- sensors and transducers
COBO- controllers, displays, keypads, wire harness
Elobau- mobile accessories
Gems Sensors- sensors and transducers
HED- controllers, displays, keypads, radio remotes
Magnetek- controllers, keypads, radio remotes
Scanreco- controllers, radio remotes
Suburban Manufacturing- cable management

Sensors and Safety
SICK- sensors, safety, vision, barcode
AW-Link- sensors
Canfield Connector- sensors
Gems Sensors- sensors
Omron- sensors, safety, vision, barcode
Paquin Sensors- sensors
Swivellink- safety

Hydraulics
PHD, Inc.- actuators
AW-Lake- switches and transducers
Hanna Corporation- actuators
Nachi- hydraulic valves
Starcyl- actuators

Vacuum
Piab- venturi, vacuum accessories
Joulin- venturi

Vision
SICK- cameras and accessories
Matrox- cameras and accessories
Omron- cameras and accessories
Teledyne DALSA- cameras and accessories
Zebra- cameras and accessories

Extrusions and Enclosures
80/20- aluminum extrusions

Networking and IoT
Antaira- industrial ethernet, ethernet media converters, industrial wireless, serial communication
Urban IO- cloud services
Wago- industrial ethernet, ethernet media converters, serial communication
Secomea- cloud services

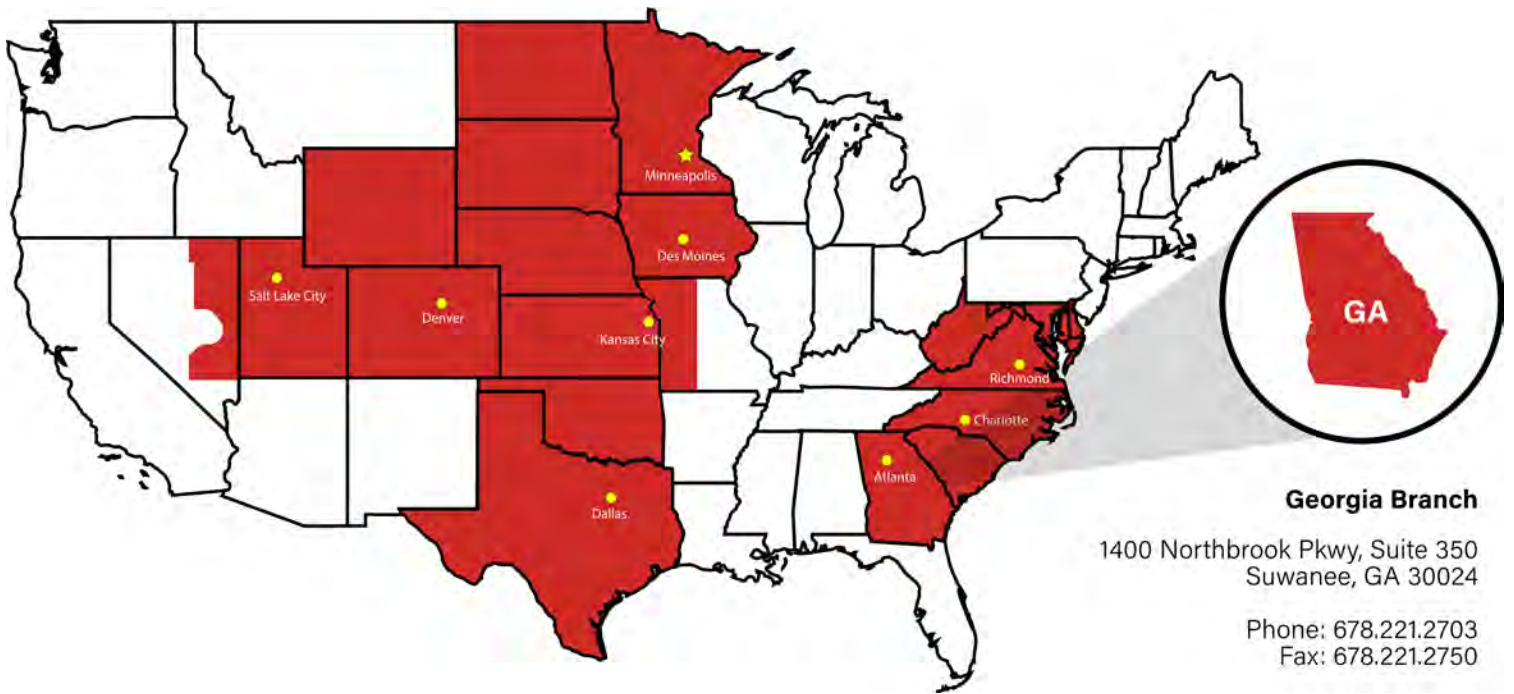

Full Manufacturer List

- 80/20
- ABB
- Advantech
- Allenair Corporation
- American Cylinder
- Antaira
- Applied Motion
- AW-Lake
- Beijer
- Camozzi
- Canfield Connector
- COBO
- Elobau
- Gems Sensors
- Hanna Corporation
- HED
- IDEC
- Joulin
- Kollmorgen
- Legris
- MAC Valves
- Magnetek
- Matrox
- MiR
- Monnier
- Nachi
- Omron
- Paquin Sensors
- PHD, Inc.
- Piab
- ROEQ
- Saginaw
- Scanreco
- Secomea
- SICK
- Spartan Scientific
- Springville Manufacturing
- Starcyl
- Suburban Manufacturing
- Swivellink
- Teledyne DALSA
- Tolomatic
- Urban IO
- Wago
- WEG
- Wilkerson
- Yamaha Robotics
- Zebra

Georgia Branch

Manufacturers serving GA

Value-Add

The Value-Add Department can partially or completely assemble components from a bill of customer approved materials into sub-assemblies (kits). This allows customers to order one item, tested and ready to install with one purchase order.

Hartfiel Automation's Value-Add team provide much more than just assembly and light manufacturing support - they bring the experience to quickly and efficiently design, test, and deliver the best solution for your assets.

ATLAS Controls Engineering

Hartfiel Automation's ATLAS Controls Engineering Team focuses on partnering with customers to achieve success in their equipment design and manufacturing.

Starting with consultation in the selection and specification of components, through on-site training and start-up assistance—our team is committed to providing the engineering support required to create the hi-tech equipment of today's manufacturing marketplace.

Customer Profit Reinforcement (CPR®)

The Hartfiel Automation team uses their trademarked CPR process to uncover and document savings and profit opportunities. The program's purpose is to maximize customer profitability through an inspection of your components and processes, identifying savings opportunities, recommending streamlining - leading to real savings.

Companies both small and large have benefited from this program and have experienced increased profitability.
